

# BRGM

**French leading public institution in  
the field of Earth  
Sciences for the sustainable  
management of natural resources  
and surface and subsurface risks**

# Status and breakdown of activities per mission

- > **Public institution with industrial and commercial interests (EPIC)**
- > **Under the joint supervision of the ministries responsible for Research, for Industry and for Environment**
- > **Staff: 1008**
- > **2007 turnover: €12.60 million**

c

# Breakdown of 2007 activities by Thematic areas

**Total: M€112.60 (before tax)**

<b>Geology</b>	<b>: 15.56</b>
<b>Water</b>	<b>: 18.07</b>
<b>Mineral resources</b>	<b>: 15.77</b>
<b>Natural risks</b>	<b>: 14.69</b>
<b>Contaminated land - waste management</b>	<b>: 11.23</b>
<b>Energy : geothermy</b>	<b>: 3.72</b>
<b>Energy : CO2 storage</b>	<b>: 4.44</b>
<b>Environmental metrology</b>	<b>: 4.39</b>
<b>Digital information systems</b>	<b>: 8.85</b>
<b>Post-mining</b>	<b>: 7.58</b>
<b>Miscellaneous</b>	<b>: 8.30</b>

## A strong potential in human resources...

- > 1008 staff, including 800 scientists, engineers and technicians representing all the applied Earth Science disciplines and having at least**
  - a university degree: 50%
  - an engineering school diploma: 20%
  - training in regional planning and development
  
- > More than 75 specialities**
  
- > A complete human-resources management structure that recognises the importance of further training (to a level of 6% of the total payroll)**

# Scientific research is the basis of BRGM's credibility

*2007 activities: €42.13 million (before tax)*

- > **Geological knowledge: observation and modelling in order to understand surface and subsurface processes**
- > **Development in support of public policies**
- > **Transfer of technology and innovation to industry**
  
- > **BRGM ranked 8th French organization for number of coordinated FP7 project (21 M€)**

# Support for public policies in France

*2007 activities: €40.17 million (before tax)*

- > Surface and subsurface observation, measurement, temporal and spatial continuity, knowledge capitalisation and dissemination**
- > Methodological and/or technological applications**
- > Expert assessments for government and third parties**
- > Training and information (technicians, officials, general public)**

## International activity in third countries

- > **Support for government policies under both French (Ministry of Foreign Affairs, Ministry of Economy, Finance and Industry) and international (World Bank, UNEP, UNDP) bilateral financing**
- > **Activities to strengthen regional cooperation**
- > **Services for companies involved with the Environment, Mines and Energy, and in particular for BRGM subsidiaries**
- > **Participation in projects of international geological organizations (IUGS, ICPG, CGMW)**
- > **BRGM active in 44 countries (2007)**

# Activities contributing to European development

- > **Support for European Union policies in partnership with other Geological Surveys (EuroGeoSurveys)**
  
- > **Research: active participation in FPs**
  - FP6
    - 14 coordination, 27 participation
  
  - FP7
    - 6 coordination, 8 participation
  
- > **International: contribution to activities outside the EU (EU enlargement, regional development, etc.)**
